Education

KU Leuven, Leuven, Belgium

Master of Statistics and Data Science, Erasmus+ exchange (from 02/2027)

- Second semester of my MSc as an Erasmus+ exchange student

University of Padova, Padova, Italy

MSc in Statistical Sciences, Department of Statistical Sciences (09/2025 – present)

University of Milano-Bicocca, Milan, Italy

BSc in Statistics and Information Management, Department of Statistics and Quantitative Methods (09/2022 – 07/2025)

- Final grade: 110/110 cum laude
- Thesis: *Perceived health, barriers to healthcare access and prevention among migrants: the case of Lombardy and Marche*
- Supervisor: Prof. Elisa Barbiano di Belgiojoso

Liceo Scientifico A. Volta, Castel San Giovanni (PC), Italy

High school diploma in Science, Applied Sciences track (09/2017 – 06/2022)

- Final grade: 100/100

Research experience

DISMEQ – Department of Statistics and Quantitative Methods, Milan, Italy

Research internship (24/02/2025 – 30/05/2025)

- **Supervisor:** Prof. Elisa Barbiano di Belgiojoso
- **Project:** MIGHTY – *MIGrants' HealTh and healthcare access in ItalY*
- **Goal:** contributing to the analyses of the MIGHTY project, which studies the health of the migrant population in Italy and its access to healthcare services.
- **Activities:**
  - Cleaning and preparation of data collected through a sample survey.
  - Descriptive analyses and estimation of statistical models.
  - Contributed to a poster presenting the project's results at the *PopDays 2025* conference.

Skills

Coursework

- Mathematical Analysis and Probability
- Multivariate Statistics, Statistical Models and Inference
- Data Mining and Machine Learning
- Databases and Information Systems
- Time Series Analysis
- Demography and Social Statistics
- Medical Statistics and Biostatistics

Programming

R, Python, SAS, SPSS, SQL.

Languages

Italian (native)
English: C1 – University language certification (UNIMIB)
